Remarks/Directions

Public: This one of a kind offering is sure to provoke excitement and interest with the endless possibilities of all you could create with this fantastic property. Two buildings on one lot, one the original church dating back to 1929 statuesquely set in the downtown core, flanked by a separate structure which existed as the old hall but has been transformed into a dreamy home. The house has been thoughtfully recreated to include three bedrooms, two baths and a gorgeous open concept living space with soaring ceilings, all completely new and modern but with hints of history found in the design touches. A new chef's kitchen is the heart of the home and a cozy fireplace brings warmth to the space, adding to the functionality are separate foyer and mudroom/laundry area great for storage. Now onto the church, which is awaiting the creative drive and ideas of the new owner to bring the space back to life. With all the makings of a traditional church, this space has the potential to be reimagined to any number of uses and will look forward to being brought back to life in a new reflection. Situated in the quaint and growing village of Burk's Falls which is a community that is the gateway between Muskoka and Almaguin and is becoming an area not to be missed.
